Our Vision and Mission:

A private, non-profit, charitable organization, since 1904, the **NAVY-MARINE CORPS RELIEF SOCIETY** has existed solely to support the active and retired communities of the Naval Service. Located ashore and afloat at nearly 250 offices around the world, the Society is served by 3,500 dedicated, trained, and caring Volunteers, supported by a small cadre of paid employees.

The Society's mission is to provide – in partnership with the Navy and Marine Corps – financial, educational, and other assistance to members of the Naval Service of the United States, their eligible family members and survivors, when in need; and to manage funds to administer these programs.
